You and your student are scheduled to participate in an educational group presentation and interview to help determine college financial aid, admissions, and/or athletic eligibility. Colleges are now identifying prospective students as early as the freshman year of high school to whom they will offer admissions and financial aid assistance. Admission requirements and financial aid award procedures vary greatly among these colleges and universities; therefore, it is extremely important that you begin this process now by attending the interview.

Your student's interview will take place either Saturday or Sunday April 26th or April 27th.

Call 1-800-215-9710 or log onto www.tcpworkshop.com as soon as possible to reserve a specific appointment time.

Based on historical analysis, we have identified many colleges and universities nationwide that, subject to your student's qualifying for enrollment, may meet up to 100% of financial need. If your student excels in academics, athletics, or the fine arts, merit-based aid may be available regardless of your family's income. **Thousands participating in our program have been accepted into a college of their choice, and received millions of dollars in financial aid offers.** Results vary by student and, of course, cannot be guaranteed. **Additionally, we have helped thousands of student athletes through the recruiting and financial aid process for athletic programs all across America.**

Parents and students, as a group, will receive guidance and instruction on financial aid, college admissions, college selection, college recruiting, and the expected family contribution. There is no cost for the educational instruction or student interview. Following the group presentation, additional services will be made available for those families needing more personal assistance.

Parental involvement is crucial in the evaluation process. Both parents in the household should attend; however, at least one parent or legal guardian must attend with your student. Please call 1-800-215-9710 with your reservation number (listed below) to confirm your appointment. Our reservation lines are open 8:00 a.m. until 9:00 p.m. Monday through Friday and 8:00 a.m. until 5:00 p.m. on Saturday and Sunday, Central Standard Time.

Call 1-800-215-9710 to reserve a time and get directions to your appointment. Please have a pen ready to write your appointment information on the back of this letter. Arrive 15-20 minutes early for parking and registration. To learn more about this important workshop or to make your reservation on-line, log onto www.tcpworkshop.com.

Reservation Number: 17N18092 Passcode: McDonald

Sincerely yours,

Timothy W. White
Vice President Student Services

RSVP by calling 1-800-215-9710. Your student's personal reservation number is 17N18092.
